Introduction 1

Why Was This Book Written?	1
How Do I Use This Book?	1
Something To Think About	2
What Are Your Priorities?	3
Do You Believe ...?	4

Part 1 - Body Basics 5

The Magnificent Human Body 6

Some Basic Biology	6
It all Starts in Your Cells	6
DNA and Your Genes	8
What are Free Radicals?	11
What are Antioxidants?	12
Acid/Alkaline Body Chemistry	13
Para-Sympathetic/Sympathetic Body Modes	15

A Look at the GI (GastroIntestinal) Tract 16

Digestive 'Fire'	16
The Journey of Food	17

Elimination 21

Picture Perfect Poop	21
Microflora Balance, Dysbiosis, Candida	24

Internal Filtration and Sanitation Systems 28

Internal Good Housekeeping	28
Filtration Systems	29
Garbage Disposal Systems	30

Blood Sugar Metabolism 31

Healthy Blood Sugar Metabolism	31
Malfunctioning Blood Sugar Metabolism	32
Blood Sugar Fluctuations	33

Why Do We Have Symptoms? 35

The Immune/Lymphatic System 36

1 st Line or Primary Defenses	37
Immune Response – Non-Specific	37
Immune Response – Specific	38
Lymphatic System	40
The Immune System - Digestive Tract Connection	41

What are 'Hidden' Allergies? 41

Homeostasis 42

The Nervous System 42

Communication	42
Chiropractic Care	44

Our 11 Organ Systems 44

Basic Support for all Systems	44
Review	45
Endocrine System	45
Cardiovascular/Circulatory System	45
Respiratory System	46
Integumentary (Skin) System	46

Skeletal and Articular (Joints) System	46
Muscular System	47
Urinary System	47
Reproductive System	47
Our Senses	47
Our Energy Body – A Missing Link?	48
Meridians, Chakras, Auras	48
Is This For Real?	50
Part 2 - Body Essentials	53
What are You Made Of?	54
Oxygen	54
Water	54
Protein	55
The Building Blocks of Life	55
Dietary Protein	56
Living a Vegetarian Lifestyle	57
Carbohydrates	58
Enzymes	59
Bacteria / Microflora	59
Fiber	60
Vitamins and Minerals	60
Nutrient Debt Theory	61
Fats	62
Are You Confused About Fats?	62
Essential Fatty Acids (EFAs)	66
In Summary, Let's Do Some Building - Body Building That Is	68
Let's Summarize	70
Part 3 - Nutritional Supplementation	71
Supplementation: Scam or Necessity?	72
Our Food Supply and Mother Earth	72
But I Don't Want to Take Supplements. I Eat Well Enough	73
But I Can't Afford to Take Supplements	74
Redirecting Your Budget Toward Health	75
Supplementation: Are You Confused?	76
I'm So Confused About Quality	76
Let's Compare the 3 Main Types of Supplements	78
What About Scientific Proof?	79
Part 4 - Choosing a Supplement Brand	81
More of us are Looking for Effective Natural Health Products	82
Why We Choose "Shaklee" as our Company of Choice	84
History and Integrity	84
Science, Quality, Efficacy and Effectiveness	85
Shaklee Guarantee	86
Convenience, Service and Opportunity	86
The Best Proof Possible	87
The Landmark Study	88
Landmark Study – The Results	90
Shaklee Brag File	91
Historic Landmark Expeditions and Record-breaking Adventures	91
Olympics and Sports	92

Environmental Responsibility and Commitment	92
Shaklee in Space	93
Biosphere 2	94
Still Not Sure?	94
Understanding Shaklee	95
Business Models	95
Shopping the Shaklee Way	96
The Two Arms of Shaklee	98
Part 5 - Body Care, Internally	99
The 'Magic Pill' or 'Instant Cure' Philosophy	100
Where Do I Start?	101
An Eating Guide	101
10 Health Eating Habits	102
Diet and Lifestyle	103
Diet Do's and Don'ts	103
Lifestyle Do's	104
Lifestyle Don'ts	104
Keeping Clean, on the Inside	105
Cleanses	106
Cleansing Reactions	107
How to Help Your Body Cleanse	107
Mental, Emotional and Spiritual Influences	108
An Attitude of Gratitude	109
Love Yourself	109
Get Clear on Your Goals and Your Passions	109
Mental Skills	109
Prayer/Meditation	110
Affirmations	110
Buddy System or Support Group	111
Journal-ing	111
Do You Carry <i>Health</i> Insurance?	112
Other Self-Help Ideas to Consider	113
Complimentary Therapies and Modalities to Consider	114
Part 6 - Body Care, Externally	115
Personal Care for You and Your Family	116
Let's Take a Moment to Think About Our Skin	116
Personal Care Products or Toxic Hazards	117
Aren't Governing Agencies Protecting Us?	117
What Can We Do For Our Skin?	118
Personal Care Products by Shaklee	119
Enfuselle Skin Care Line	119
Enfuselle Products	120
Hair Care - Naturally	122
ProSante Hair System	122
Part 7 - Body Pollution	123
How Many Concealed Toxic Invaders are in Your Home?	124
Cleaning Products or Toxic Hazards	124
Human Poisoning	125
Body Burden	125
Aren't Governing Agencies Protecting Us?	127

Body Pollution Creates Dis-ease	129
What Can We Do About Body Pollution?	129
Cleaning Your Home vs Polluting It	129
Why Choose Get Clean Cleaning Products?	129
Get Clean Cleaning Products by Shaklee	131
Using Basic H ²	131
Get Clean Laundry Products	133
Water – How Do I Make Sure it's Safe?	133
Indoor Air Quality – How Do I Make Sure it's Safe?	134
Other Body Pollution Considerations	135
The 'Old' Days vs Modern Day – An Overview	136

Part 9 - What can I do to support my body when dealing with ...? 185

Before You Begin - Important Notes and Q's & A's 186

- Before taking any supplement or implementing any suggested protocol always ... 186
- How &/or when is the best way to take a supplement? 186
- How do I know which supplements I should take? 186
- How long should I take any suggested supplements? 186
- Do I have to follow a suggested protocol exactly as laid out? 187
- What if I have more than one concern I would like to address? 187
- Something to think about if you are dealing with a serious health challenge 187
- How do I know how many I should take? 187
- What about amounts for children? 187
- What does this "go within and learn to listen to your body's internal wisdom" stuff mean? 188
- Carefully review all 'Beneficial', 'Detrimental', 'Fundamental' and other Recommendations 188
- The suggested protocols found in Part 9 ... 188

Important Disclaimer 189

Sample Protocol - Explanation & Clarification of NEW FEATURE 189

Support Your Cells with a Healthy Foundation 190

- Daily Essentials; Clean and Protected; Targeted Support 190

Aches & Pains 191

- General aches & pains; Muscle cramps, spasms, sprains; Torn cartilage; Frequent muscle injuries; Waking up stiff, sore; Restless Leg Syndrome; TMJ; Carpal Tunnel Syndrome; Back discomfort, pain; Disc problems 191
- Headache; Migraine; Tension headache/neckache 192
- Arthritis; Osteoarthritis; Rheumatoid Arthritis; Ankylosing Spondylitis; Bursitis; Tendonitis; Inflammation, edema, swelling; Joint stiffness, pain 192
- Pinched nerve; Sciatica; Frozen shoulder; etc. 193
- Injury or related surgery (knee, hip, shoulder, etc.): nutritional support during preparation/recover/healing 193
- Gout 193

Addictions: Smoking; Alcohol; Drugs 194

- Smoking; Exposure to second-hand smoke 194

Food poisoning; Parasites; Traveler's diarrhea; Rectal itching or rash	202
IBS; Crohn's; Colitis; Celiac; Gluten intolerance; Diverticulitis; Malabsorption	202
Cancer	203
Cancer: general nutritional support, preventive support, recovery support	204
Chemotherapy &/or radiation: nutritional support to consider	205
Candida / Intestinal Dysbiosis / Microflora Imbalance	205
Candida; Microflora imbalance; SIBO; Clostridium Difficile (C-diff)	205
Children's Challenges	206
Bedwetting (Enuresis)	206
Chicken pox; Measles; German Measles; Mumps	206
Lice	206
Colic; Digestive upset; Spitting up, etc.	207
Diaper rash; Thrush	207
Infant Care	207
Common Health Concerns	208
Fever	208
Common cold; Flu	208
Sore throat; Laryngitis; etc.	209
Frequent nosebleeds	209
Stomach flu with vomiting &/or diarrhea	209
Dental & Mouth	210
Have numerous metal amalgams/fillings; Support during removal of metal fillings	210
Prone to cavities, decay; cracks, chips, loose teeth, plaque, tartar, etc.	210
Braces (support during)	210
Tooth infection; Abscess; Thrush	211
Bleeding gums; Gingivitis; Periodontal disease; Dentures support	211
Dental procedures: Root canal, Crowns, Wisdom teeth, Extractions	211
Lips: chapped, dry, cracking; Red rash around, swollen	211
Teeth grinding; Jaw clenching	212
Canker sores; Bad breath (Halitosis)	212
Cold sores (Herpes virus); Fever blisters	212
Detoxification / Cleansing	213
Detox; Cleanse	213
Digestion	214
Indigestion: upset, bloating, cramps; Food allergies, sensitivities	214
Nausea; Vomiting, Stomach Flu; Gastroenteritis	214
Heartburn; GERD / Acid reflux; Dyspepsia; Hiatal hernia	215
Ulcers	215
Reactions to eating: hot sweats, sleepy, etc.	216
Ears & Equilibrium	216
Ear infections; Discharge; Pain; Excess wax; Itchy	216
Hearing loss; failing	217
Equilibrium imbalance: dizziness, lightheaded, fainting; Vertigo; Meniere's; Tinnitus, ears ringing	217
Eating Challenges	218
Anorexia; Bulimia	218

Cravings; Binging	218
Estrogen Dominance / Xenoestrogen Exposure	219
Eyes & Vision	221
General support; Vision failing; Poor night vision; Sensitivity to light, sunlight	221
Dry eyes; Itchy, burn; Gritty feeling; Excess tearing	221
Twitching	221
Dark circles, puffy, etc.	222
Conjunctivitis (Pink eye); Inflammation; Frequent discharge; Frequent styes	222
Cataracts; Macular degeneration; Glaucoma; Blood shot, broken vessels	222
Female Health	223
Female reproductive system: nutritional &/or preventive care/support	223
PMS symptoms; Menstruation: cramps (dysmenorrhea), pain; Irregular cycle; Light, short duration; Absence of (amenorrhea); Excessively heavy, prolonged (menorrhagia); Frequent clotting	224
Breast care/support; Tenderness; Fibrocystic breasts	224
Pregnancy; Morning sickness; Lactation; Mastitis; Infertility; Difficult getting pregnant; History of miscarriage	225
Menopausal symptoms; HRT (Hormone Replacement Therapy); Hysterectomy	225
Vaginitis (yeast infection); Vaginal discharge, itch, burn, rash	226
Uterine or Ovarian fibroids, polyps, cysts (benign)	226
Endometriosis; Cervical dysplasia	226
Birth Control Pill use	227
Lack of libido; Diminished sex drive	227
Discomfort, bleeding with intercourse	227
Prolapsed uterus	227
STD; Venereal disease; Genital herpes; etc.	228
First Aid	228
Insect Bites; Stings (non-anaphylactic)	228
Bruises; Cuts; Scraps	228
Sun or Heat stroke: prevention, recovery from	228
Minor burns; Sunburn	229
Poison ivy; Contact dermatitis	229
Poisoning: support during recovery from	229
Scars: prevention, repair, healing	229
Gallbladder	230
Gall stones; Gallbladder support	230
Gallbladder has been removed	230
General Health Concerns	231
Fatigue, tired; Lack of energy, stamina, vitality	231
Poor wound healing; Poor recovery from surgery, injuries; Wound infection	231
Sick often; Poor recovery from illness; Weak immune function; Seem to be developing more allergies, sensitivities to more items (food &/or environmental); Sensitive to fragrances, smoke, cleaners, etc.	232
Low body temperature; Get cold/chilled easily; Difficulty warming up; Cold at bedtime; Cold hands & feet	232
Motion sickness	232
Jet lag	233
Surgery: in preparation for, recovery from	233
Hair	234
Brittle; Dry; Lacks luster; Early graying	234
Slow growing; Sparse; Hair loss; Alopecia; Balding	234
Dandruff; Flaky; Dry or itchy scalp	234
Hands & Feet	235
Numb, tingle, sore, ache	235
Swell, edema; Ankles swell in evening; Moist, sweaty; Burn, itch	235
Cramping; Losing strength; Feel heavy	235
Health Challenges	236
AIDS; HIV positive	236
Autism	237

Cerebral Palsy	237
Chronic Fatigue Syndrome; Fibromyalgia	237
Cystic Fibrosis	238
Epilepsy	238
Hemophilia	238
Herpes (all types), Shingles (Herpes Zoster); Epstein-Barr Virus	239
Lyme disease	239
Lupus	239
Meningitis	240
Mononucleosis	240
Multiple Sclerosis	240
Muscular Dystrophy	241
Parkinson's	241
Sjorgen's Syndrome	241
Tourette's Syndrome	241
Thyroid: Hyperthyroidism; Graves' disease; Hypothyroidism; Hashimoto's Disease	242
Thyroid Function Self-Test	242
Heart, Circulation & Blood	243
Cardiovascular support, preventive measures	243
Anemia	243
Cholesterol; Triglycerides; Homocysteine	244
Blood pressure: High (hypertension); Low (hypotension); Dizzy upon standing up too quick (orthostatic hypotension)	245
Varicose veins; Poor circulation; Raynaud's Disease; Buerger's Disease; Phlebitis	245
Angina; Chest pain	245
Arrhythmia (palpitations, fibrillation, pounding, etc.)	246
Arterio / Artherosclerosis	246
Stroke; Blood clots; Aneurysm	246
Learning, Cognitive function, Memory	247
Brain & Cognitive function	247
Poor concentration; Poor memory; 'Brain fog'; 'Fuzzy thinking'; Dyslexia	248
ADD/ADHD; Hyperactivity	248
Liver	249
Liver support/detoxification	249
Liver disorders; Hepatitis (all types); Cirrhosis; Fatty liver; Jaundice	249
Male Health	250
Male reproductive system: nutritional &/or preventive care/support	250
Urinary concerns; wake often, decreased flow, frequent desire to urinate	250
Prostatitis	251
Prostate support: BPH (Benign Prostate Hypertrophy); Elevated PSA count	251
Jock itch; Penile discharge, rash	251
Hernia (inguinal): support for post-operative recovery	252
Impotence; Erectile dysfunction; Lack of libido	252
Infertility; Low sperm count	252
STD; Venereal disease; Genital herpes; etc.	252
Mental Health	253
Alzheimer's Disease	253
Bipolar mood disorder; Manic-depressive disorder, Obsessive/Compulsive disorder	254
Dementia; Senility; Memory failing; Cognitive function failing; Confusion; etc.	254
Schizophrenia	254
Nails	255
Brittle, slow growing; Ridges, grooves, streaks; Hangnails, cuticles tear; Ingrown; White spots on nails; Pale nail beds; Spoon-shaped nails	255
Palliative Care Support	255
Pet Care	256

Respiratory & Sinus	257
Asthma; Allergies; Hayfever; Environmental sensitivities; Frequent stuffy/runny nose; Sinus congestion; Shortness of breath; Chronic cough	257
Sinusitis; Bronchitis; Tonsillitis; Strep Throat; Swollen glands; Infections; Croup; Pneumonia; Tuberculosis; Whooping Cough; etc.	257
Emphysema; Lung disease	258
Seniors	258
Aging with grace & vitality; Anti-aging support	258
Skin	259
Acne	259
Chronic itching; 'Winter itch'; Dry skin; Oily skin; Heels that crack; Corns; Callus;	259
Bruise easily	259
Eczema; Psoriasis; Dermatitis; Rosacea; Rashes; Hives; Liver spots	260
Wrinkles; Stretch marks; Cellulite	260
Abscess; Boil; Athlete's foot; Fungal infections; Warts; Moles	260
